ASLAN is launching a second round of funding calls. The call aims to fund five projects: three in Embodied Language, Language in Society, and Linguistic Systems, one in Modeling & Digital Humanities, and one in Language Complexity and Ecology.

**IMPORTANT INFORMATION**

- **Deadline January 30 2021** or January 10 if you request English to be reread
- **Conditions of eligibility**
  - The document should be no longer than 10 to 15 pages + bibliography
  - There should be at least two ASLAN UMRs involved
  - There is one project leader per UMR, one of which has a permanent position
  - The project leaders should not lead more than one project per year
  - If one of the project leaders has a contractual position, there must be an additional participant implicated at least at 20% from the same UMR who has a permanent position
  - The dossier must be complete (all sections filled in)

- Please send a PDF file in the requested format to: copilaslan@listes.ens-lyon.fr
